CAPTAIN KATE

It is a glorious new dawn for all of Mutantkind, but not all X-Men are able to celebrate it so easily. In a startling discovery, Kitty Pryde has learned that she herself is not actually a mutant.

Feeling that her entire life has been a lie, she has reinvented herself as Captain Kate Pryde, the drunken pirate queen of the mutant seas! The next stop on this swashbuckler's hunt for treasure? Spider-Man's booty.

SWEET!
It's still open!

Hello, fellow New Yorkers!
Don't mind me, just your friendly neighborhood hero stopping by for a drink after another day saving our beautifully crazy city.

Spider-Man! Thank goddess you're here!
How's it hangin', Spideroooo!!

Oh hey! What's up X-People?
That's a long story...
Though you were all up in... Genosha? Utopia? No... *Krakoa!*
But right now we're in desperate need of a hero like you!

WOAH...!
Who's that chick?! She sure looks familiar...
That's our friend, Kate.
You might know her better as *Kitty Pryde*, actually...

KATE!

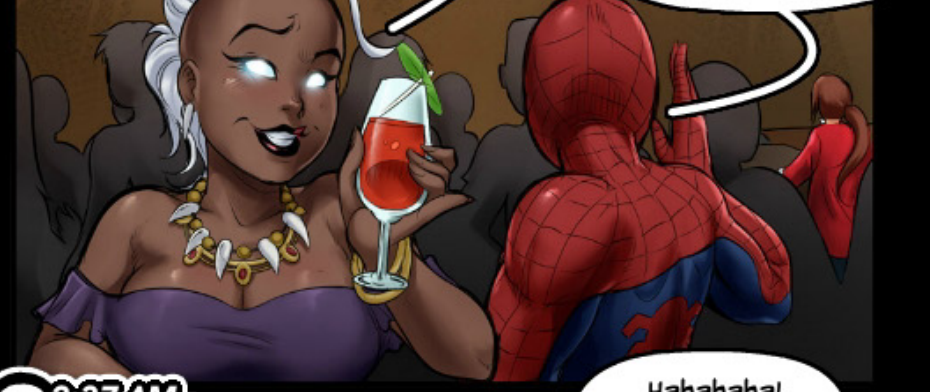

KATE!

KATE!

KATE!

zzzzz...

Think you could help us with that, neighborhood hero?
We'll really owe you one.
Yeah, sure...
Hey, Kate? When you have a sec, maybe look down and tuck your titties away, okay?

2:37 AM...

So then we strapped Glob Herman to the front of the rocket!
And used him as a heat shield when we entered the atmosphere!
Hahahaha! Oh man, that's fucking hilarious.
I mean, it's reckless endangerment of student lives, but still, damn awesome!

Yeah, it's a good thing he didn't die. That would have been problematic.
Anyways, I bought you a drink and told you a funny story. You gonna uphold your end of the bargain?
Yeah... A deal is a deal.
Let's go home.

Seriously, the two of us?
I can count the number of times I've spoken with you on one hand.

I know, it's crazy! And I swear I'm not just hitting on you!

I've really been to an alternate universe where Spider-Man and Kitty... erm, Kate Pryde were a thing.

Wild, right?

Something like that. Anyways, we're here.

Say hello to the *SS KATE!* Or... something.

Here? Where's here?

We're still discussing the name of the boat.

What? You live on a boat?

Yep.

Why do you live on a boat?! I mean that's totally badass, but I have so many questions.

Well, ask them inside, cause I'm fucking cold.

I don't get it, can't you just walk through that glowing portal downtown and go home to Krakoa?

That's what mutants are doing now, right?

It's... let's not talk about that...

Oh, my bad, didn't mean to bother. What do you wanna talk about, then?

Oh, I don't wanna talk at all, Spidey!

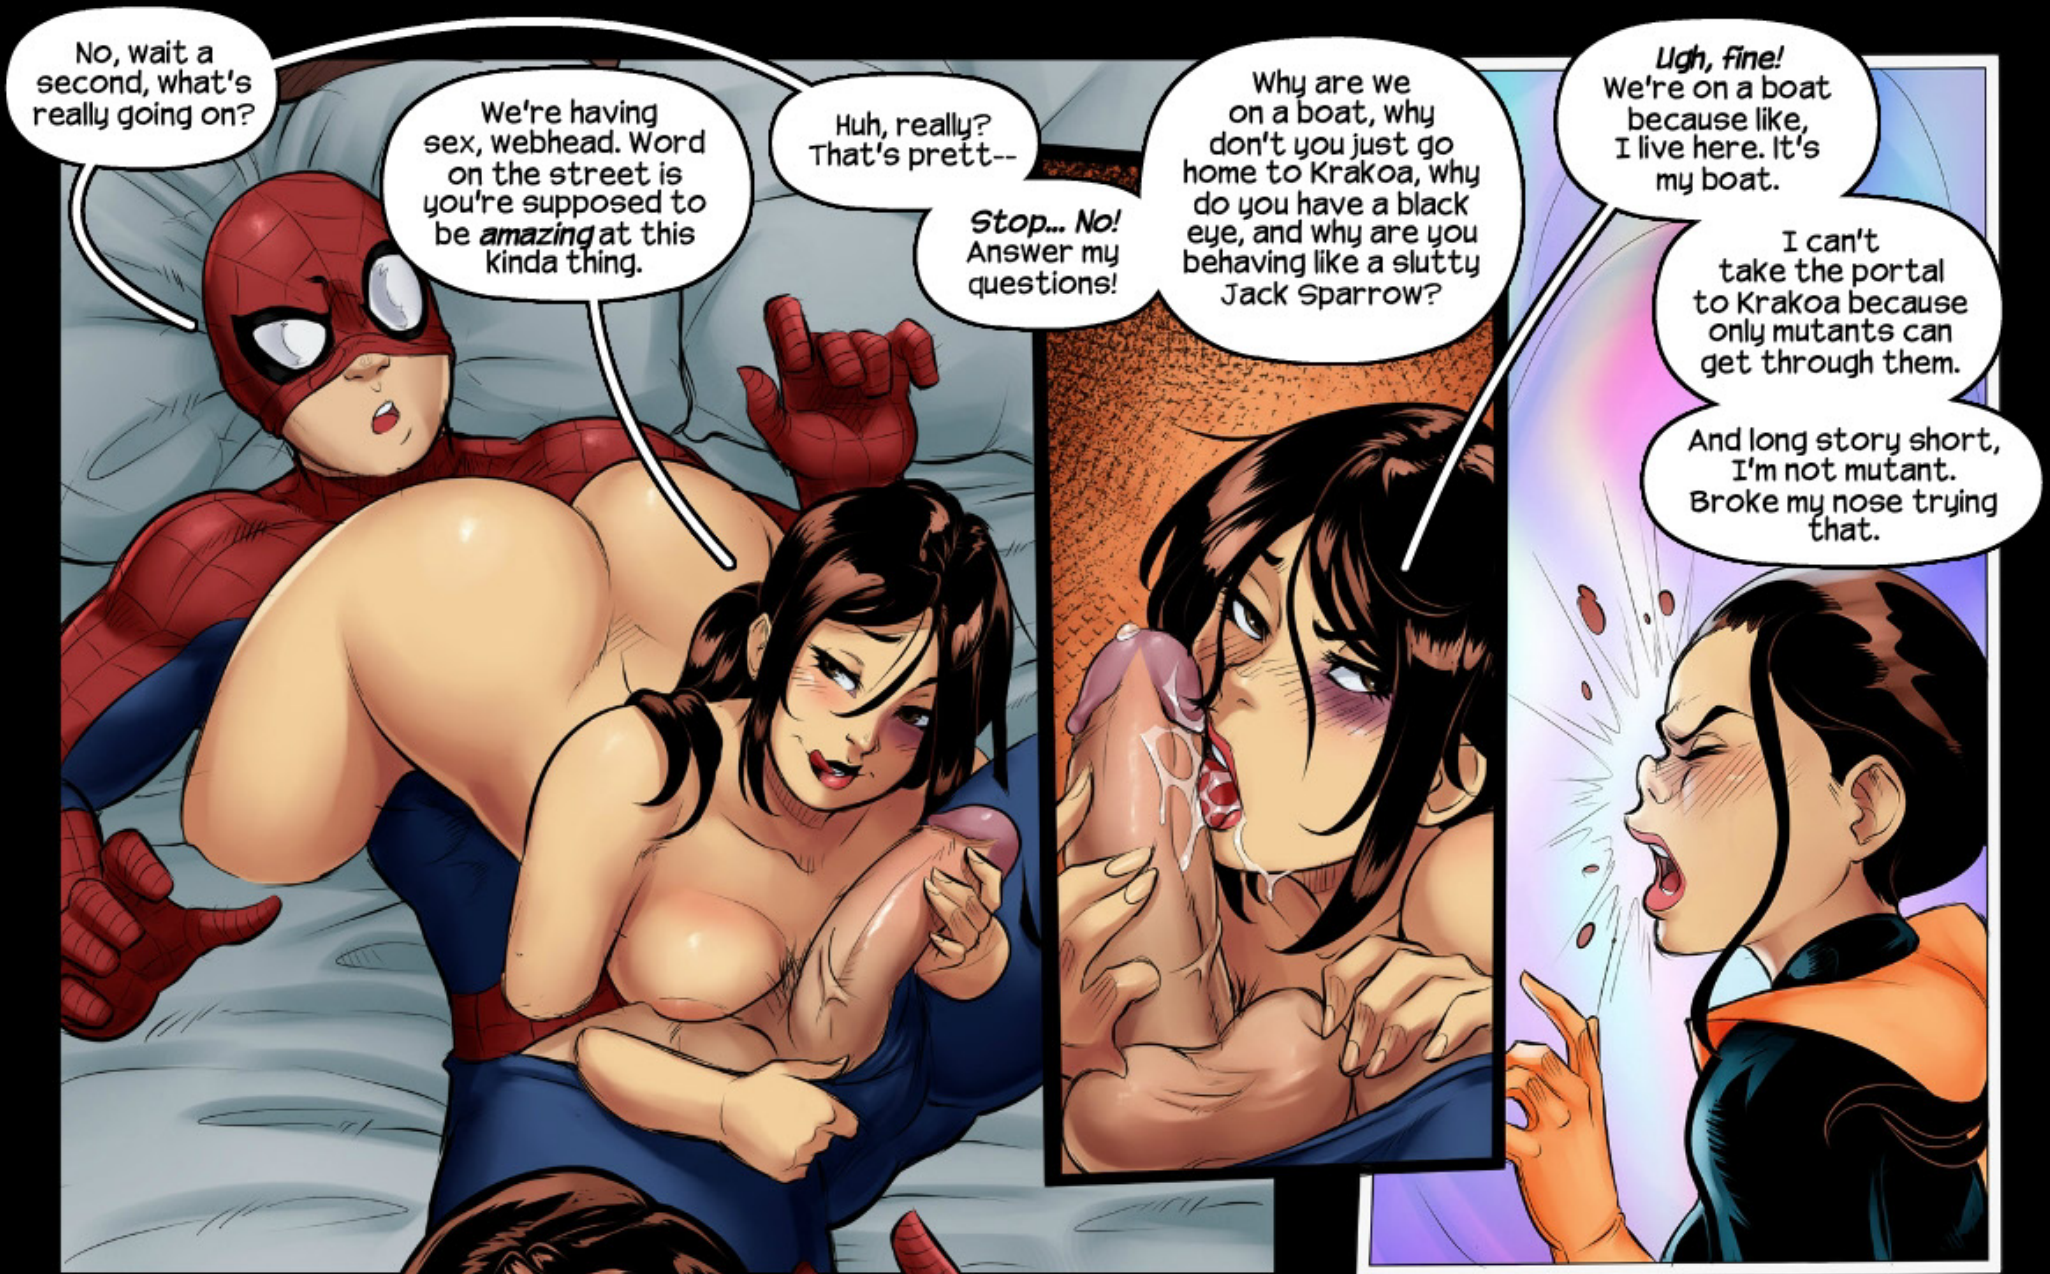

MMPH!

Kate!? What are you doing, why are you--

Just be quiet and enjoy this...

Oh, sweet mutant Jesus.

No, wait a second, what's really going on?

We're having sex, webhead. Word on the street is you're supposed to be *amazing* at this kinda thing.

Huh, really? That's prett--

Stop... No! Answer my questions!

Why are we on a boat, why don't you just go home to Krakoa, why do you have a black eye, and why are you behaving like a slutty Jack Sparrow?

Ugh, fine! We're on a boat because like, I live here. It's my boat.

I can't take the portal to Krakoa because only mutants can get through them.

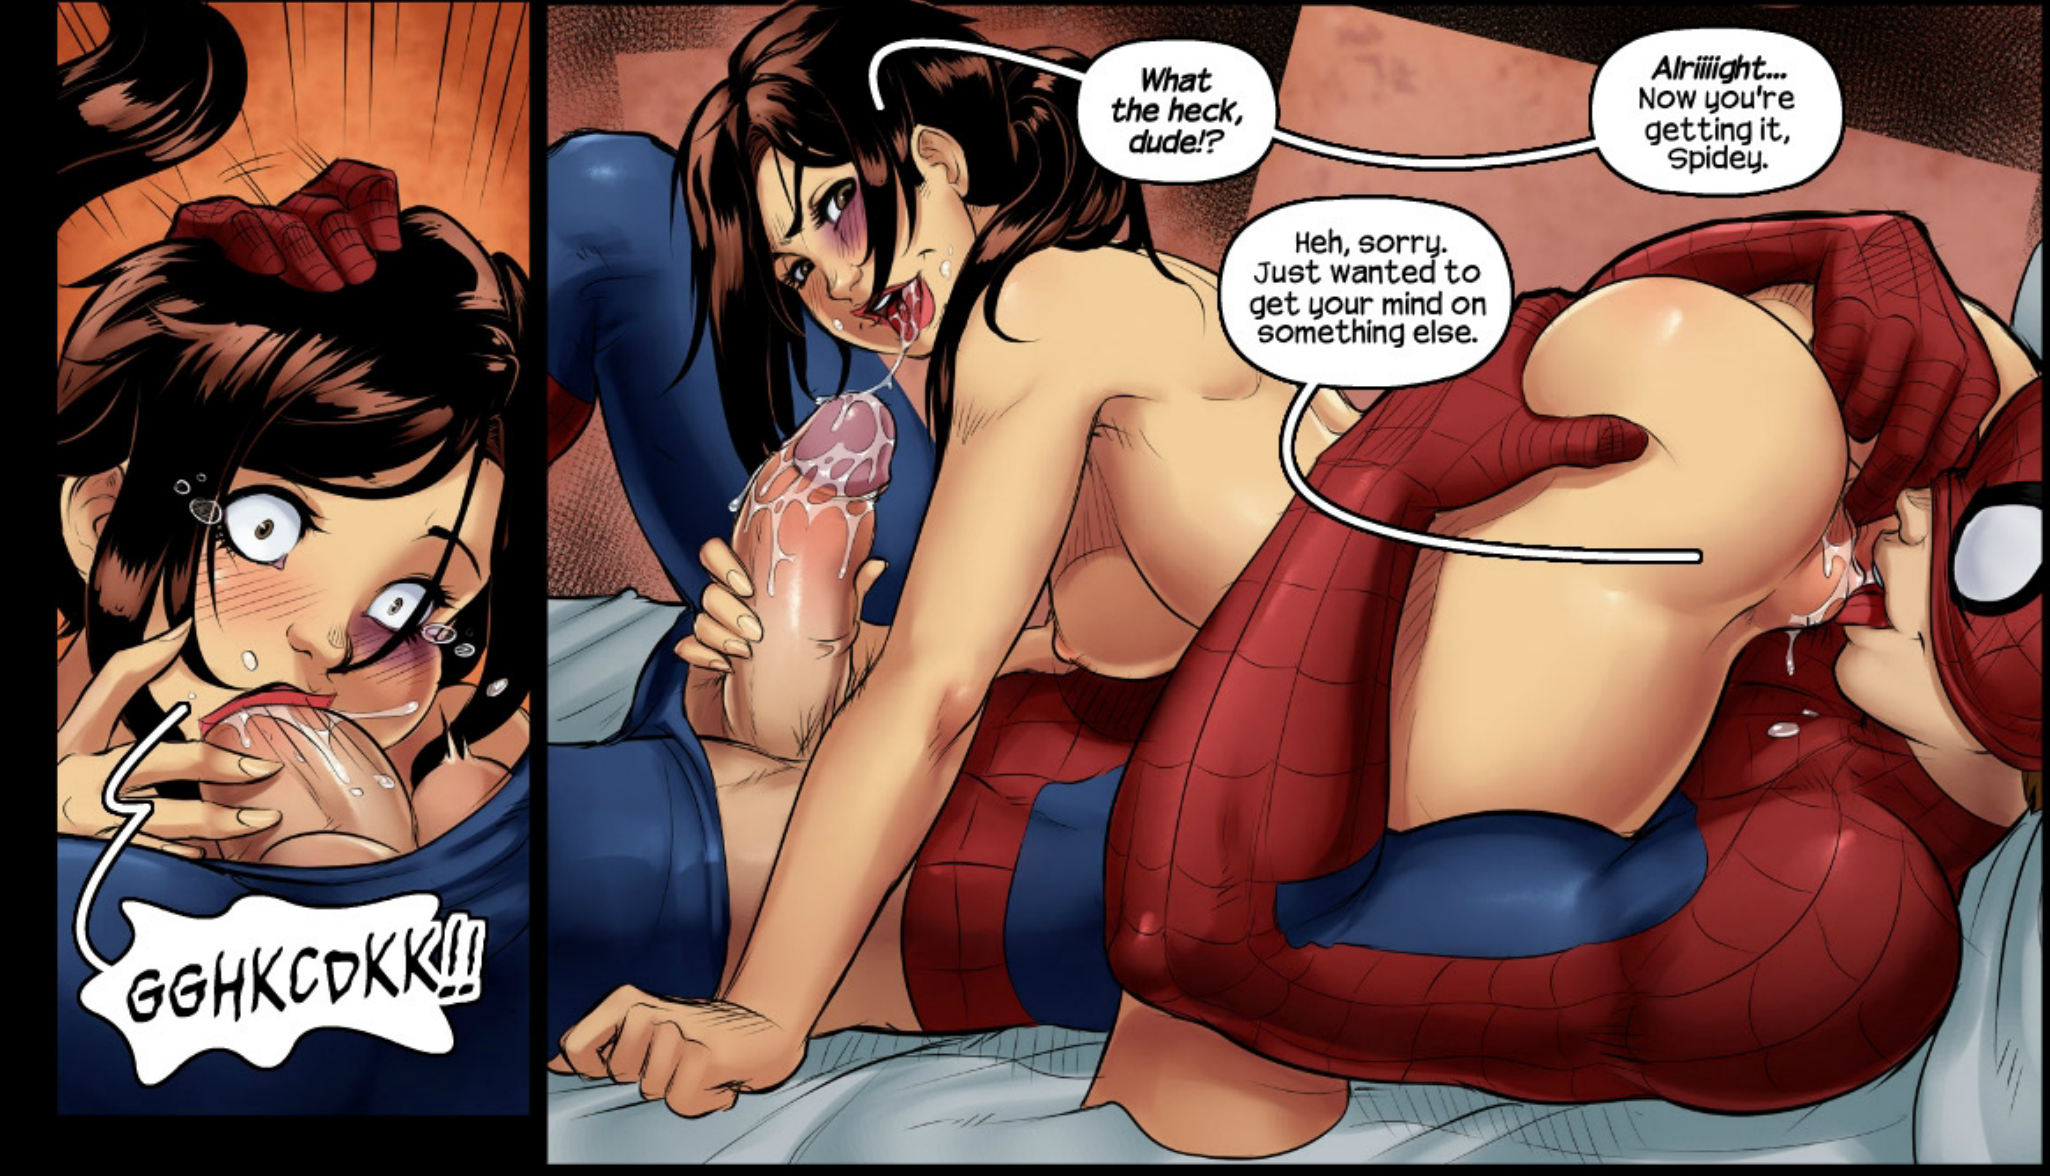

And long story short, I'm not mutant. Broke my nose trying that.

I'm an X-Man without the X-Gene. Everything's a lie and my life's a mess.

Which is upsetting as shit, so I was drinking it off my mind when you stopped me.

So thanks to you, I'm thinking about it again and all my efforts to have some fun tonight have gone to--

What the heck, dude!?

Alriiiight... Now you're getting it, Spidey.

Heh, sorry. Just wanted to get your mind on something else.

GGHKCDKK!!!

Pfft, hell no.

So how about it, think you're trading in booze for sex from now on?

Hah, who knows, maybe you'll like this better.

Oh sex is great, what I meant is I've been coping with a combination of booze and sex for a while now.

Wait, you mean you've been having sex with your teammates... Er, ship crew?

Oh yeah, big time!

When we're not on a mission, this is basically just one big fuck boat.

That's actually why I went out of my way to ask Bobby to be part of my team.

Iceman? Didn't he come out as gay? It was in all the gossip mags and stuff--

Not that I read those! Of course...

Well yeah, but that doesn't erase the history we've had in bed.

So even if Bobby prefers his new way of life, his *icecocks* seem to remember me just fine.

Do you guys always use your powers for sex fetishes?

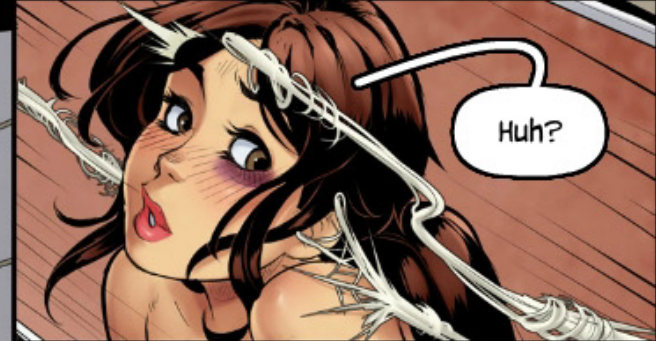

Are you kidding me? That's the fucking best part!

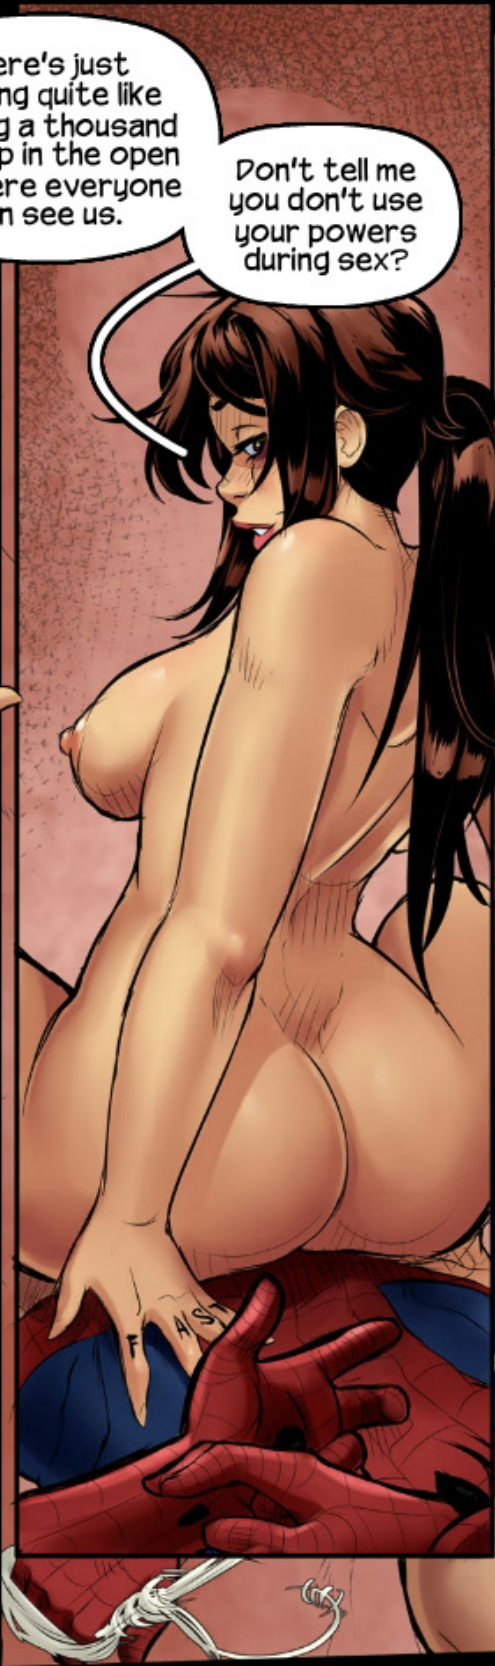

Once Ororo flew me all the way up above the boat and fucked me in the middle of a thunderstorm!

There's just nothing quite like fucking a thousand feet up in the open air where everyone can see us.

Don't tell me you don't use your powers during sex?

Huh?

Well, besides the super-endurance, my webshooters have come in handy.

Oh, hoho... Now we're talking, Spidey.

Oh fuck, yes! Just slide that thobbing cock up my slit.

Wouldn't that be exciting?

Careful now, you keep shaking like that and you might bring the ceiling down on us.

You sure are into dangerous sex, huh?

NNGH!

With the way life's been going lately, the thrill of danger is literally all I live for.

Like last week, I had Pyro fuck me while he set everything around us was on fire.

It was insane! I had to be solid enough to take it in the ass while just intangible enough to avoid getting burnt to a crisp.

Life's just not worth living unless you know you're *living*, you get me?

Jesus, Kate! You could've gotten yourself killed!

What, fighting villains isn't exciting enough?

The X-Men actually don't have much in the way of enemies these days.

That's why I'm relying on creativity to keep things up with the crew.

Well, as long as you don't fuck your little dragon, I guess it's all good, right?

Erm, yes... Right... Changing the subject...

Come down here. My turn to show off.

Why? Not a fan of bondage?

It's not as fun when you can just phase out of everything, but it was cute of you to try.

Man, look at you. Your cock's so hot all covered in my juices.

Not that I mind going back to foreplay, but didn't we do this earlier already?

Awh, is Spider-Man getting bored of my cute little feet?

You want something new? Bet you never tried this before...

Wo-hoaahh!

Okay! That's weird!

Let's stop--

OOH!!

Stop before you break something!

Prude. Fine, let's try this instead, you're gonna love it.

I was thinking something a little more exciting...

Anal? Yeah, that sounds good to me, let's do that!

Oh-- Oh gawd!

What, you don't like the thought of me being your personal cockring?

Fuck, I'm so close--

NNGH!

I think I'm gonna be sick...

Woah... That was intense. Shame you haven't cum though...

Sorry, just don't think the phasing thing's really for me.

I wouldn't say that, maybe you're just not a visual guy...

Close your eyes and just let me do my thing...

Ooohh... That's tingly.

I thought you'd like it, any guesses what I'm doing?

Uhm... Giving me a blowjob?

Well, you're not wrong.

Wait! oh... Okay, this is new. Fuck, this feels amazing!

Keep doing that, I'm gonna cum any second now!

Goohd, yuh cuhn uhpen yuhr ughs nuhw...

OH, SHIT!
WHAT THE FUCK!
ARE YOU IN MY...
DAMNIT,
KATE!!

Taah-daah!!

OH,
GAWD!!

FUCK!!

SPLURP!!!

Howff
waff dat,
Ffpidey?

Honestly?
Kind of ashamed
that I enjoyed it
way more than I
should have.

Maybe that
alternate-
dimension me had
it right, maybe
this is the start
of our own thing
together.

Pfft, you wish,
Spider-Man.
Sounds like
someone needs
to sleep off
those drinks.

Mm...
Maybe, yeah...
Nighty night,
Kate...

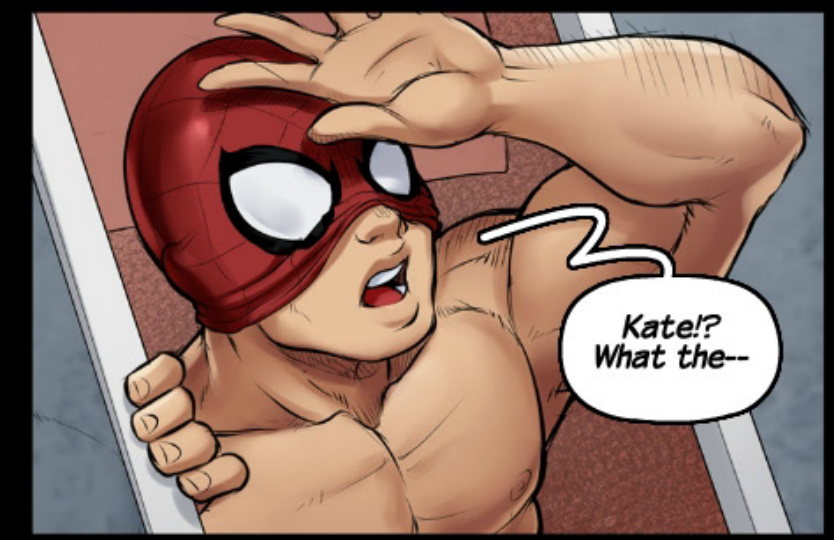

WAY TOO MANY
X HOURS LATER...

Mm... What
time is it?

Shit, it's
morning
already!?

Kate!!
You there?
I gotta go!

YEAH!
Up here,
Spidey!

Kate!?
What the--

Super-
endurance,
my ass! You're
a damn heavy
sleeper, dude!

I... Where
the hell
are we!?

Well, I figured
since you kept
telling me to go
home last night,
I might as well
go and follow
your advice.

Welcome to
Krakoa!

Hope you
survive the
experience...
