**SOMEWHERE UP IN A  
NEW YORK ROOFTOP...**

I know what  
you're thinking.

"Felicia, what  
are you doing?"

Well shoot,  
guess the tux  
doesn't fit as well  
as we thought.

Though it's  
kinda nice knowing  
I got more going on  
than the Maggia  
bachelor...

"Spider-Man's with  
Mary Jane again."

Hey Felicia...  
I think we have  
a problem.

"He's taken!  
You shouldn't  
mess around  
with them."

...Felicia?

Well... When  
has *that* ever  
stopped me?

Mmm...  
You sure  
take a long  
time to get  
dressed.

What's wrong,  
Spider-Man?  
Too much junk  
in the trunk?

Over here,  
Spidey!

Besides,  
I haven't  
been with him  
for years.

...And meanwhile,  
she's off being  
a movie star,  
living the highlife?

Can you really  
blame a cat  
for trying?

Something  
like that.  
What're you  
looking at?

Got bored  
of waiting, so I  
decided to check  
in on the kids.

They're  
so sweet...

Sweet?  
Why, what're  
they doing?

Fuckin'.

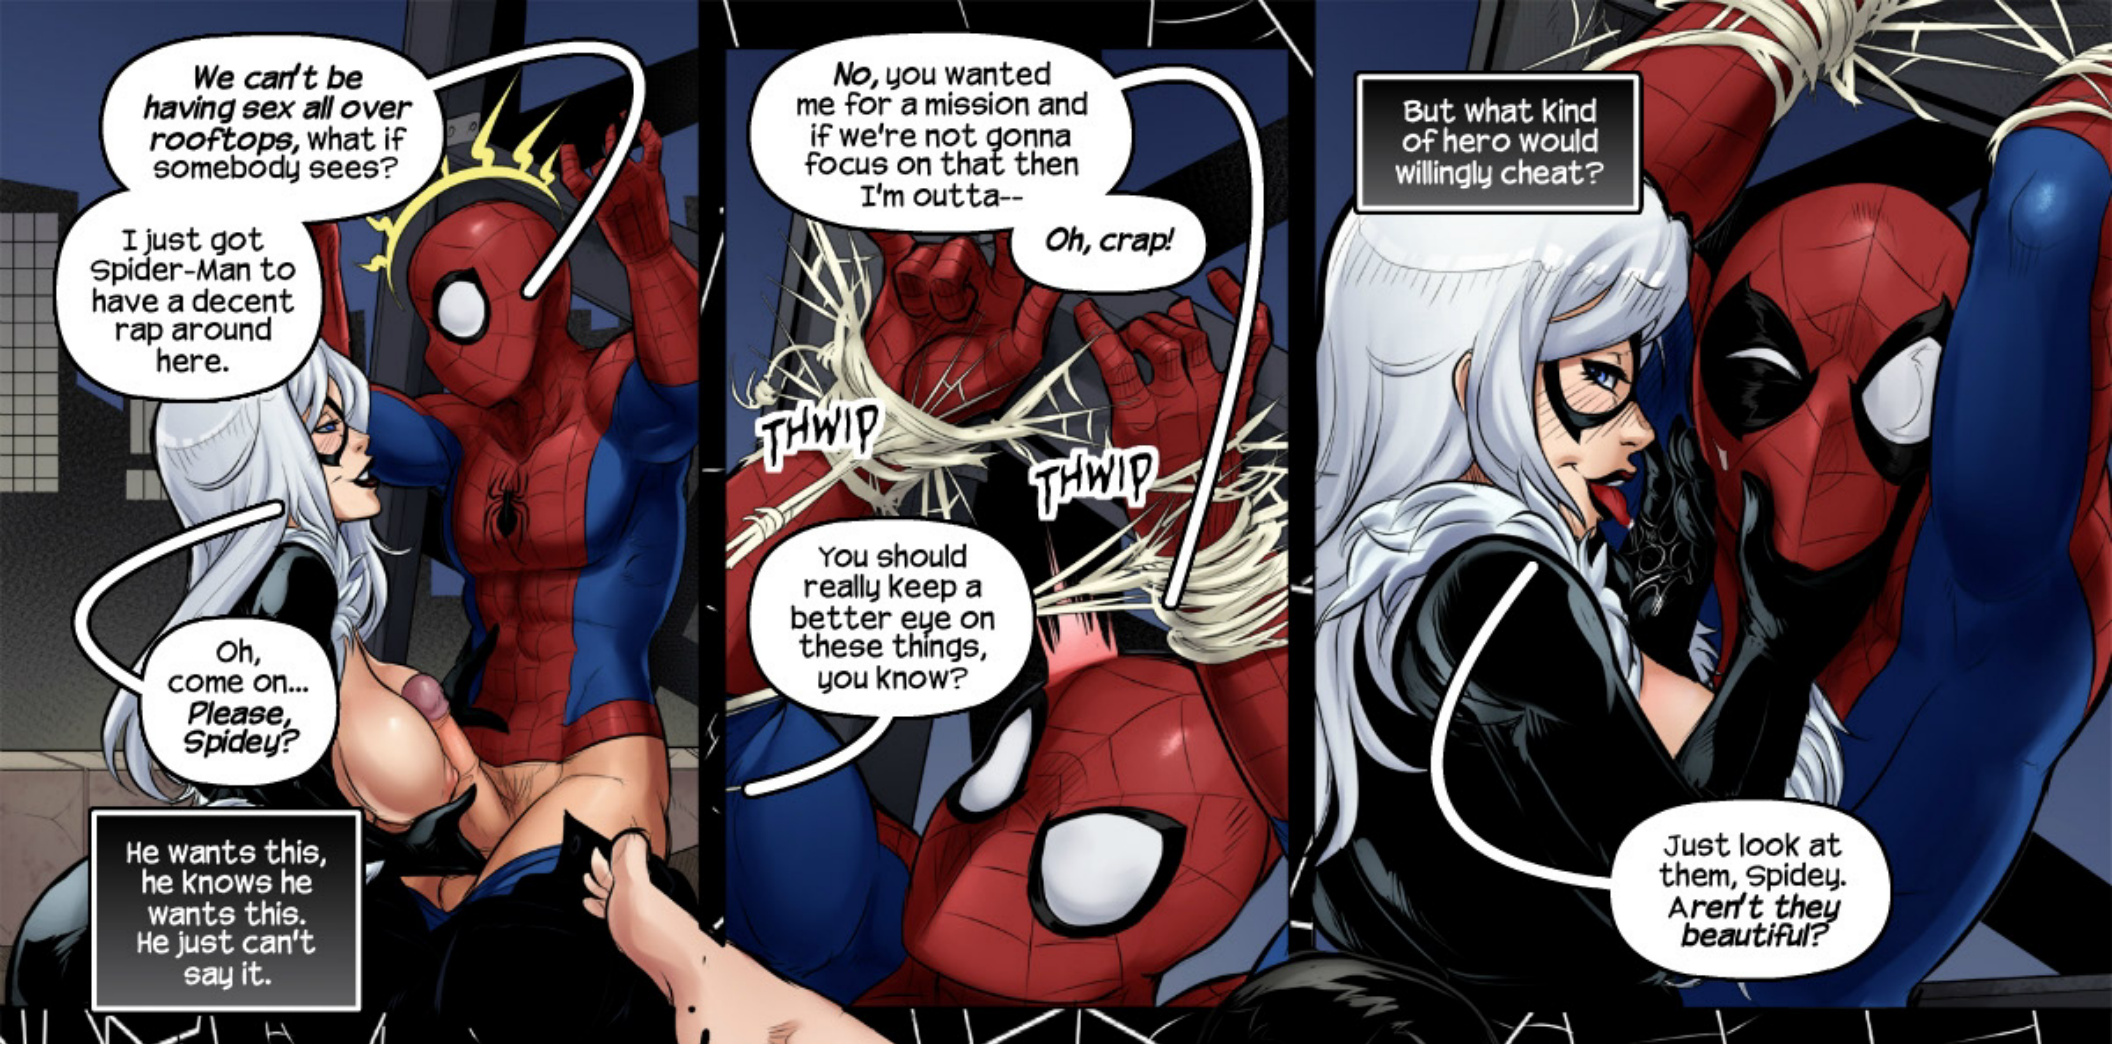

**FELICIA!!**

Oh,  
y'know...

We can't be having sex all over rooftops, what if somebody sees?

I just got Spider-Man to have a decent rap around here.

Oh, come on... Please, Spidey?

He wants this, he knows he wants this. He just can't say it.

No, you wanted me for a mission and if we're not gonna focus on that then I'm outta--

Oh, crap!

THWIP

THWIP

You should really keep a better eye on these things, you know?

But what kind of hero would willingly cheat?

Just look at them, Spidey. Aren't they beautiful?

I make him look.

So young and in love...

Nothing in the world besides their dedication to one another.

I need him to hear himself say that he wants me regardless.

Yes, Peter?

Felicia...

Please...

Help me...

Help you? Help you with what?

Come...

Come? Aww, you want me to come closer, Spidey? Feeling lonely?

Not good enough.

Here, lemme help...

Oh god, I can almost hear the blood throbbing in your cock.

Tell me, can you feel how hot my pussy is?

Felicia, fuck, I want you so bad...

What was that?

I-- fuck, I wanna be inside you, Please sit on my cock...?

I knew it! He *does* still want this!

Hehe... No!

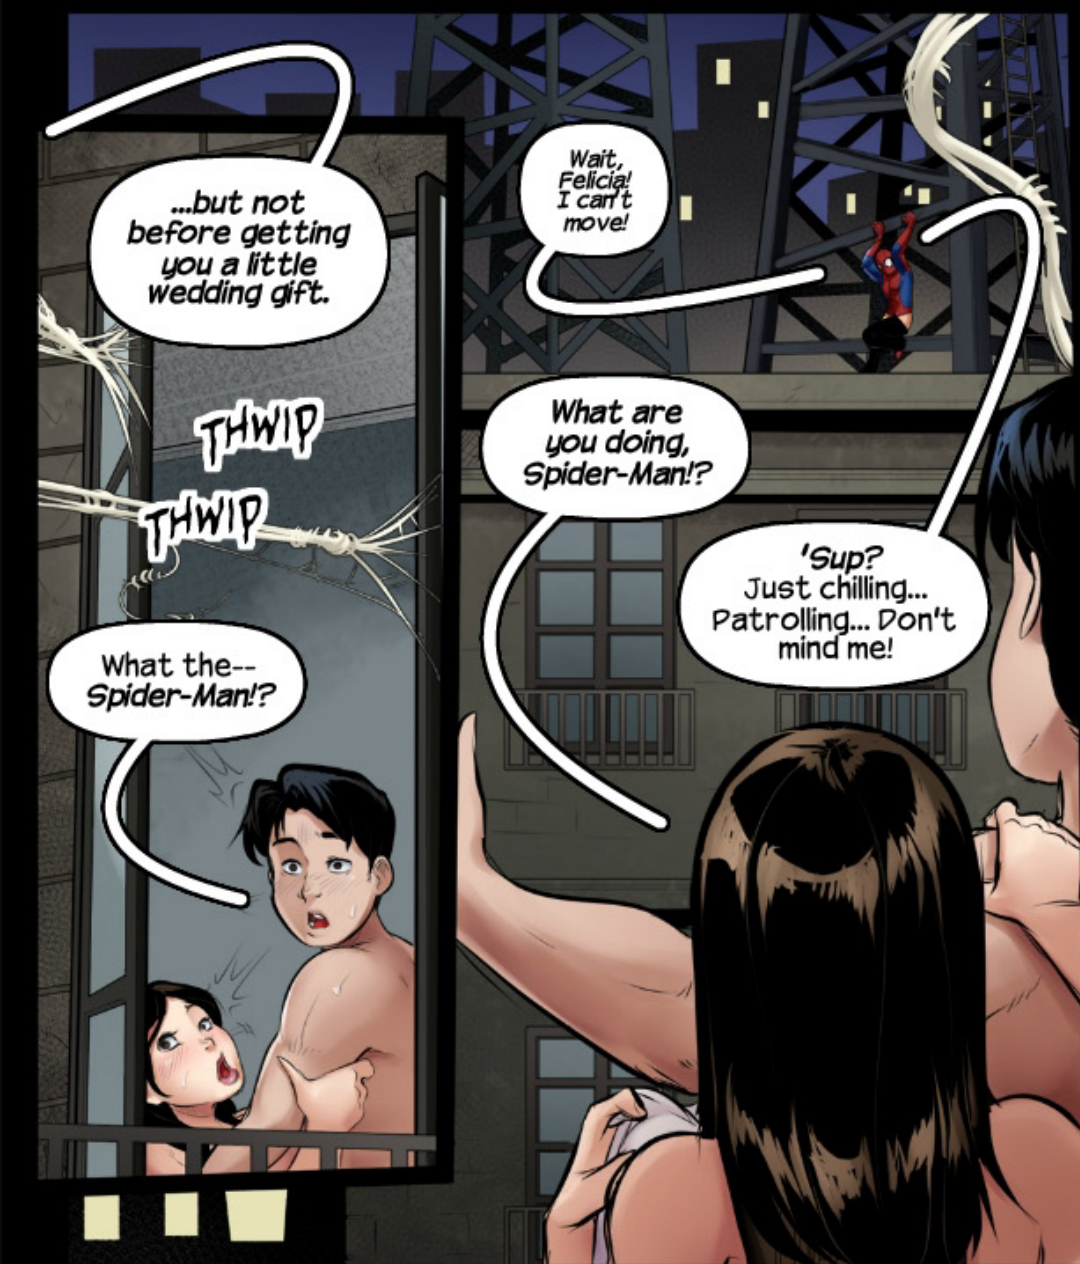

It's too bad I don't. ...not like this.

Oh, come on!! Are you blueballing me!? Seriously!?

I'm sorry, I thought you said we can't be having sex all over rooftops anymore! Maybe after we get married...

Can I at least have my webshooter back?

Oh yeah, sure!

...but not before getting you a little wedding gift.

Wait, Felicia! I can't move!

What are you doing, Spider-Man!?

'Sup? Just chilling... Patrolling... Don't mind me!

What the-- Spider-Man!?

Huh. Okay. You have a good night now.

Was he peeping on us?

Nah, he's a hero, he wouldn't do that.

God, I hope no villain pass by and sees this.

THE NEXT EVENING...

And just like that, we're married!

That redhead Hollywood harlot can suck it.

So close to celebrating, I just need to get him alone...

Told you we got this! Don't I always have a plan?

Sigh. I may never like them... but you always do have a plan. I just--

Wait!! Where's my webshooter?

Sorry Spidey, though I did warn you about being more careful with these things!

For the first time ever, I truly need to bare myself.

Look. I'm bad at real talk so here's the deal...

I know you proposed to M.J. Saw the ring in your room when I asked for your help a few weeks ago.

And... That's weird, Pete.

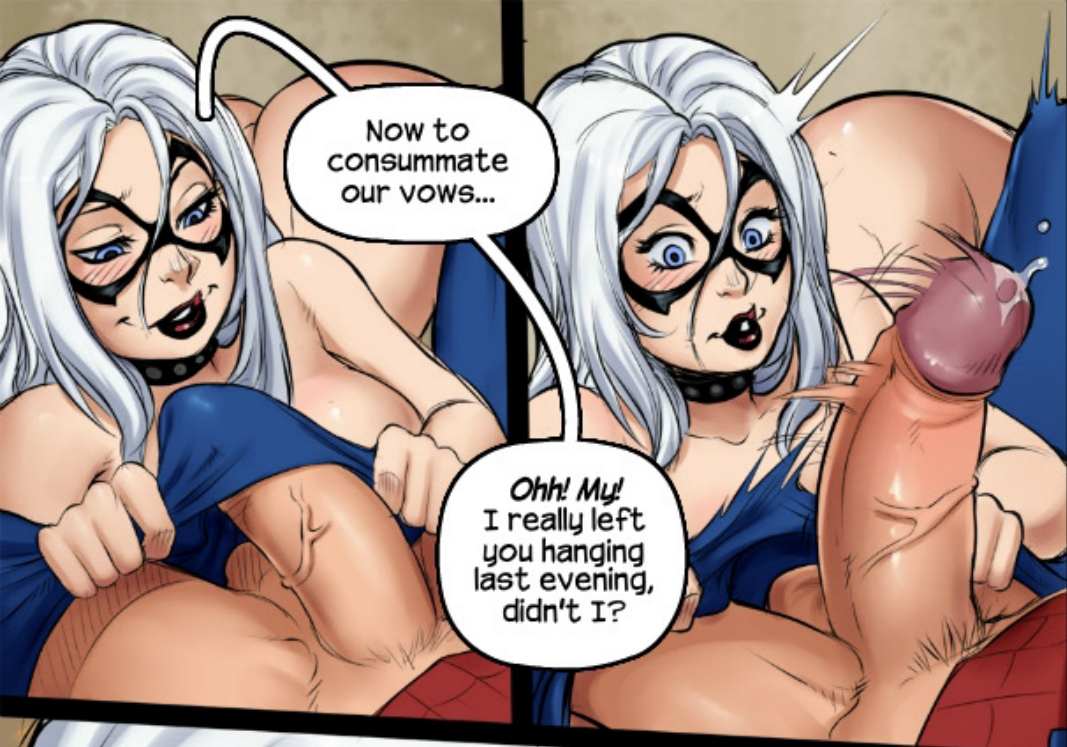

Cause it made *being with you* feel awkward, especially since we're just starting to figure this out.

But now we're married, and wife trumps fiancé...

So this is okay, right?

Now to consummate our vows...

Ohh! My! I really left you hanging last evening, didn't I?

Don't worry though, I'm here to take care of you now...

Now and forever...

Y'know, that Maggia wedding was all sorts of weird...

But I gotta say that what really bummed me out was the priest never told you to *kiss your wife!*

And I really need to kiss my husband.

Felicia, I-

Shhh...

Please, just let me have this, Pete.

Just tonight, let's pretend...

OH, GAWD!!

OH FUCK YES, PETER!

GRIP MY ASS, BABY!

So if he's telling me that he can't do this anymore, I won't hear it.

If he's telling me to respect his relationship with that tramp, I won't do it.

I can't.

I just can't.

I love this man too much. No matter what... I just won't care what he says because--

About the ring you saw...

Stop, Peter...

It's not what you think.

I mean... I was going to, but...

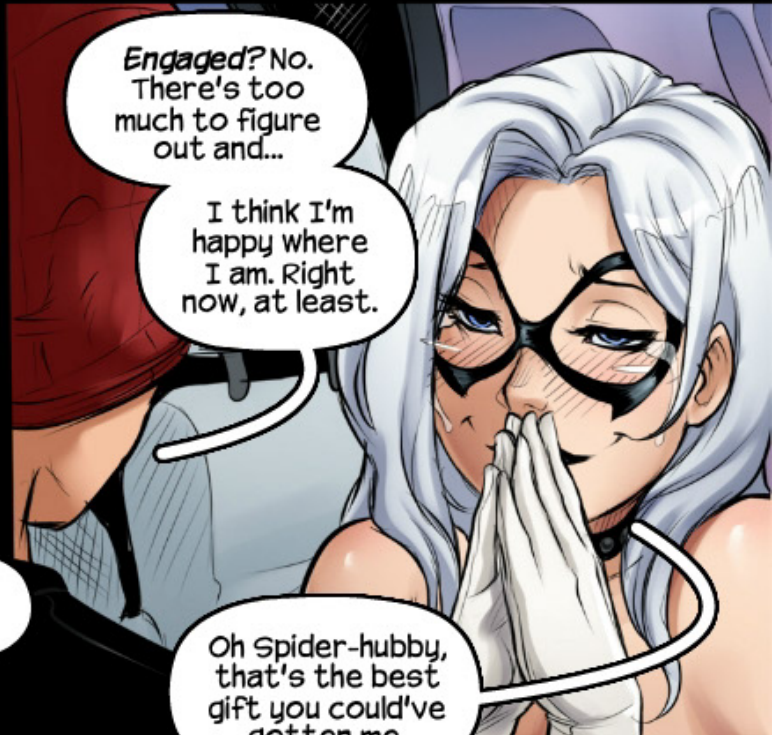

Spider-Man stuff came up and I just...

Well...

I didn't propose to MJ.

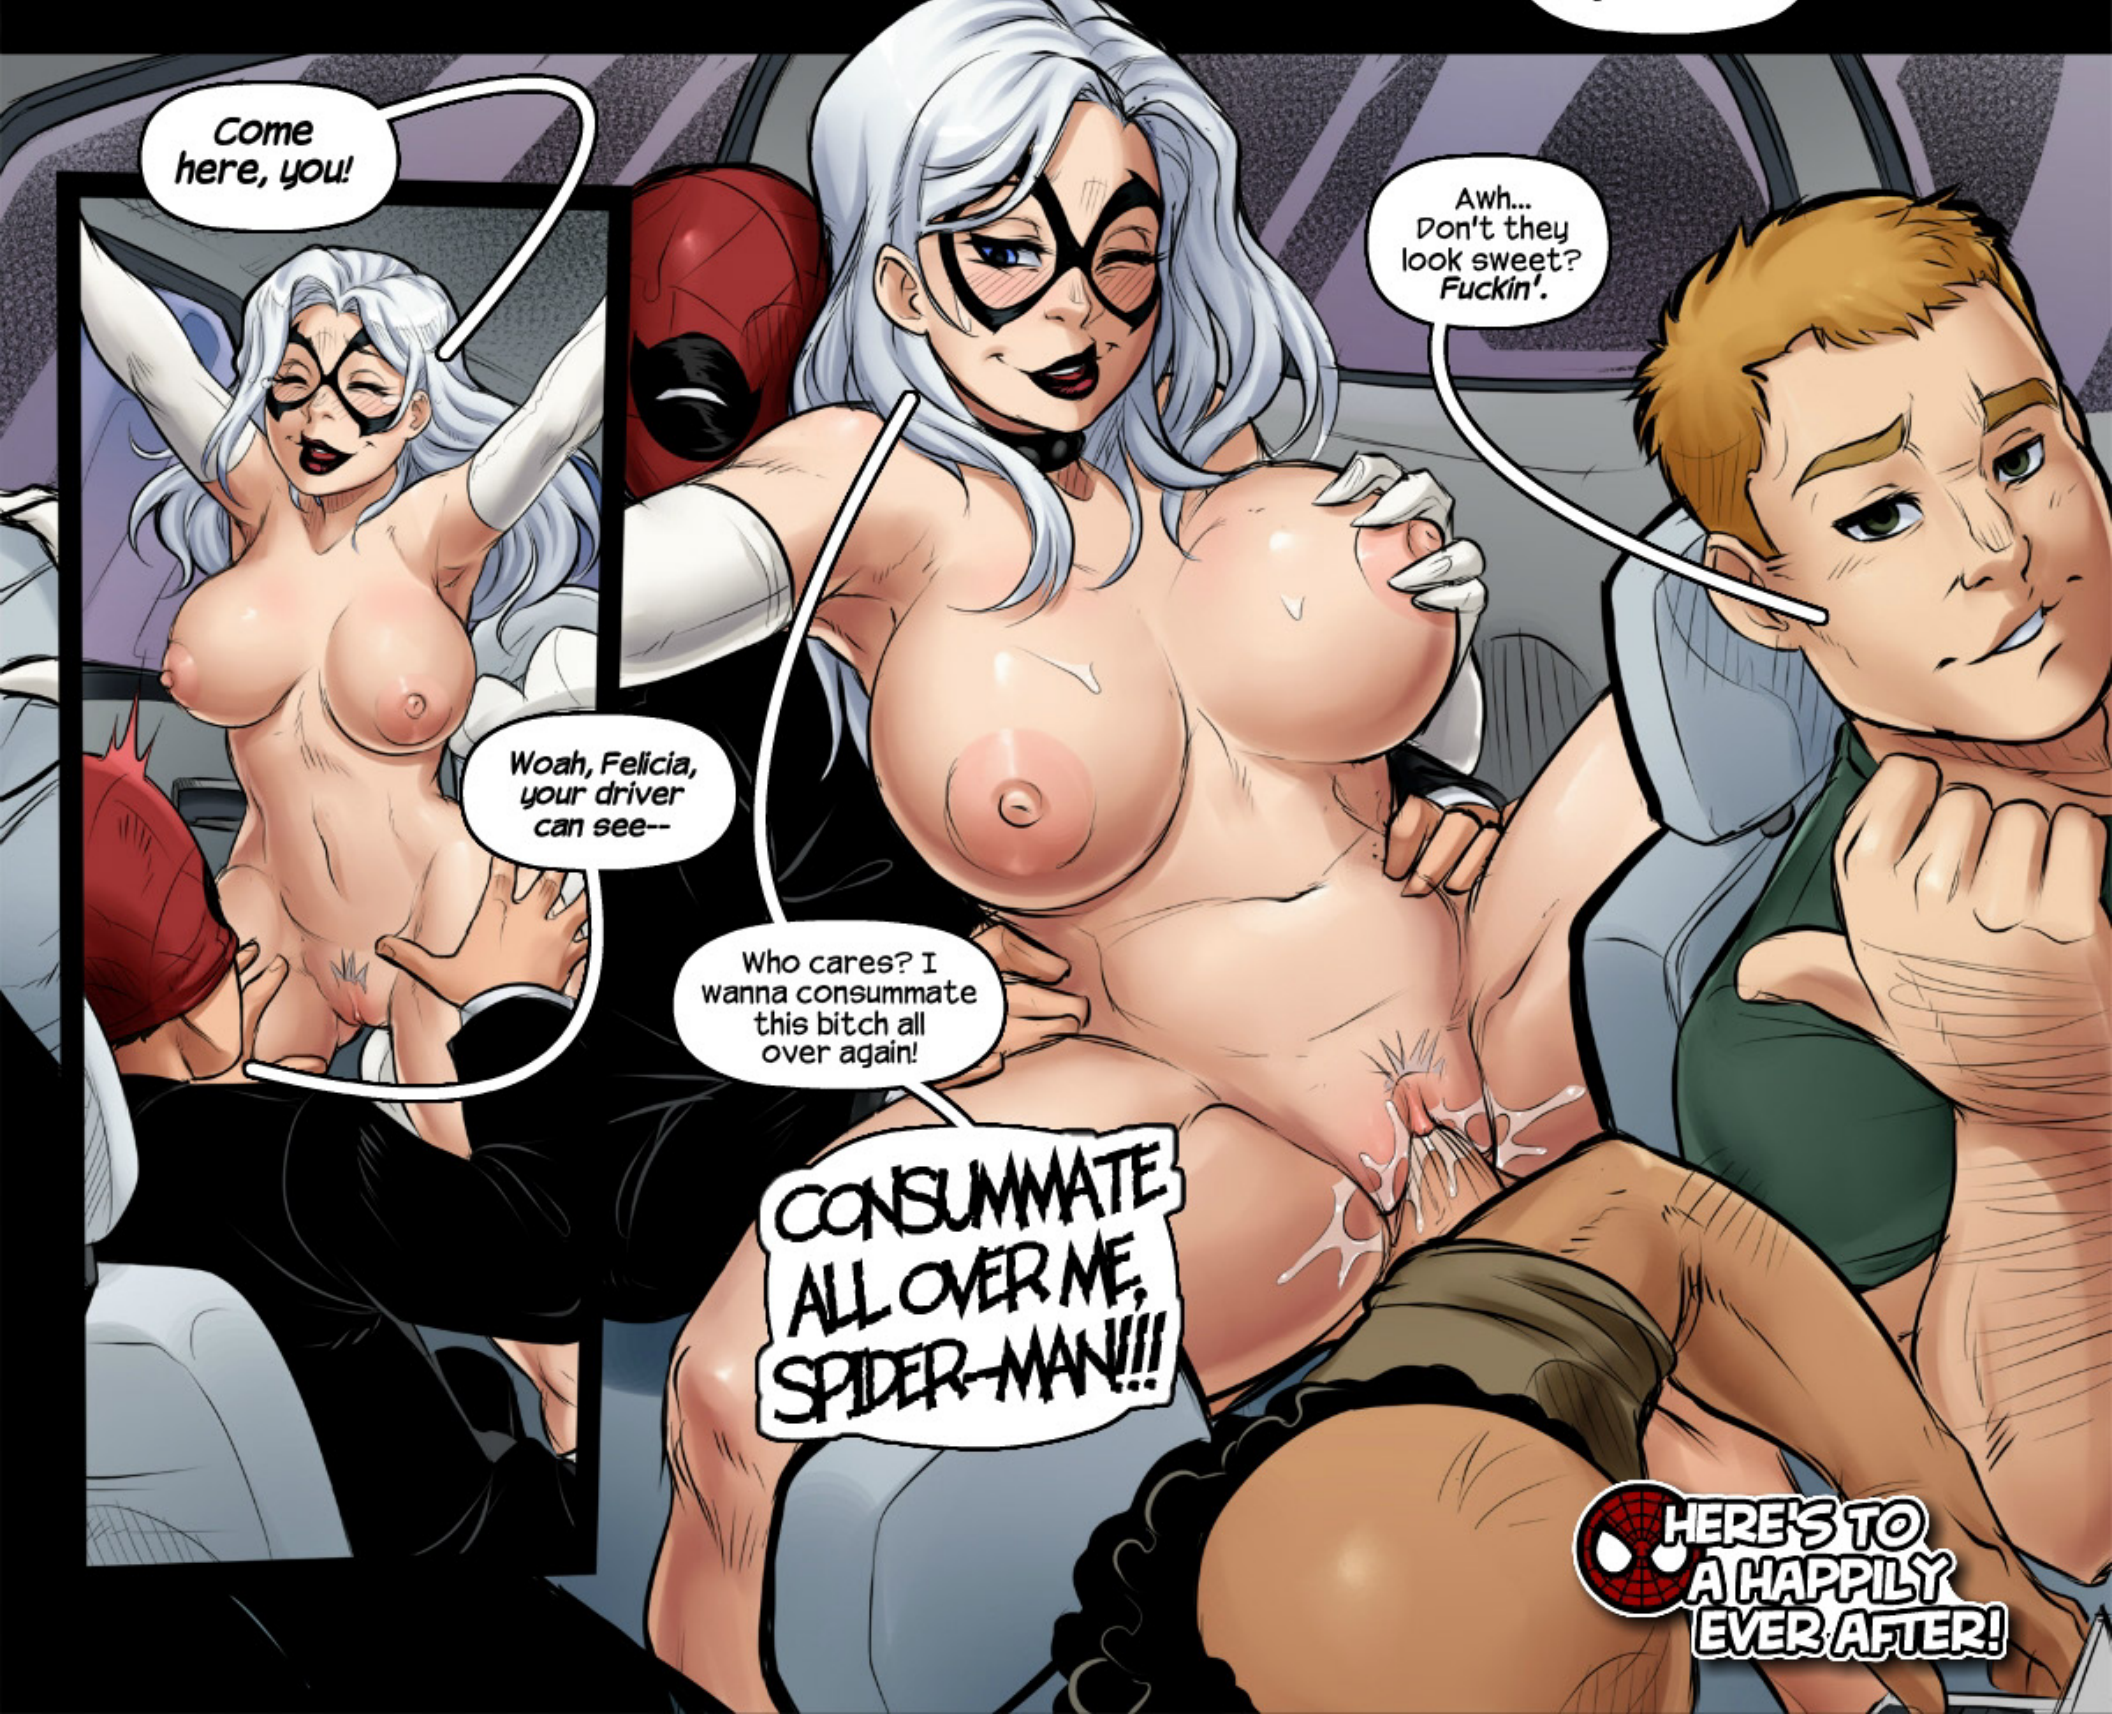

So you're not...

Engaged? No. There's too much to figure out and...

I think I'm happy where I am. Right now, at least.

Oh Spider-hubby, that's the best gift you could've gotten me.

Come here, you!

Woah, Felicia, your driver can see--

Who cares? I wanna consummate this bitch all over again!

CONSUMMATE ALL OVER ME, SPIDER-MAN!!!

Awh... Don't they look sweet? Fuckin'.

HERE'S TO A HAPPILY EVER AFTER!
