LEWD MUTANTS

The New Mutants have found themselves at the mercy of the Shi'ar Empire after accidentally helping a crew of space pirates steal their stuff. Fortunately for them, the Shi'ar aren't much for doing hard time. They'd much rather the New Mutants make up for their crimes by doing them a favor instead.

The task at hand? Escort Deathbird, exiled rebel empress of the Shi'ar, back to their homeworld. But when the former queen's holier-than-thou attitude gets on Magik's nerves, Illyana decides that someone needs to put the royal back in her place.

There you are!

I thought you wanted to get drinks in the upper lounge?

Dude, get the fuck over here, I found something way better.

Chega aqui!

What happened???

Aboard a Shi'ar Dreadnought, Outerspace...

"Cat fight, cat fight, cat fight, cat fight--"

You insolent wench! Is that how you speak to the Royal Majestrix of the Shi'ar Empire?

Former Royal Majestrix! Last I checked, you were deposed.

Ech, only because of you and your lot.

Us!?! The Inhumans were the ones that did that!!

You still doing the betting thing?

Who do you have in mind?

Magik, of course!

Nah man, the bird lady's totally gonna kick Ilyana's ass.

You just say that cause you have a crush on her.

Hmph! "Earthlings" then, you're all the same ilk to me.

Look, lady.

All I'm asking for is a little bit of respect while you're our guest on this ship.

And if you can't do that, then, well...

...well?

Woah!

DUDE ARE YOU SEEING THIS?!

FUCK YES!!!

So uhm... who wins the bet in this case? Or is it a draw...?

Sam, everybody wins in this case. Everybody.

Todo mundo!

Poor little thing, is that the best you can do?

Hah. I'm a member of the X-Men, have you heard our recent reputation?

I've barely even started.

You know, I think I am technically a member of the X-Men too, from my marriage to that Summers boy.

Oh my god, you royals and your stupid marriages.

You can't marry into mutantkind! It's in our genes, a birthright!

...it means that I am in charge of you!

Sounds like you see yourselves as royals as well.

Even so, I am a captain of the X-Men.

So even if you were one of us...

OOHHHHHHH...

...is that what you think?

Dude, are you taking your fucking dick out?

Uh... yeah. Are you not?

Isn't that, I dunno, kinda fucking gay?

Sam, I'm not asking you to fucking jack it for me.

I mean, unless...?

No! Nono, that's fine, I'm happy here.

Then do what you want, right?

Besides, not like I'm gonna be staring at you of all things right now.

That's... that's a good point.

"Then shut up and let me enjoy the view, *falou*?"

Had enough?

You... wish.

Let's try something else then.

Hah, my ass? You think you're gonna make me cum from that?

I've taken plenty from demons whose *tongues* were *bigger* than your whole head.

Maybe so.

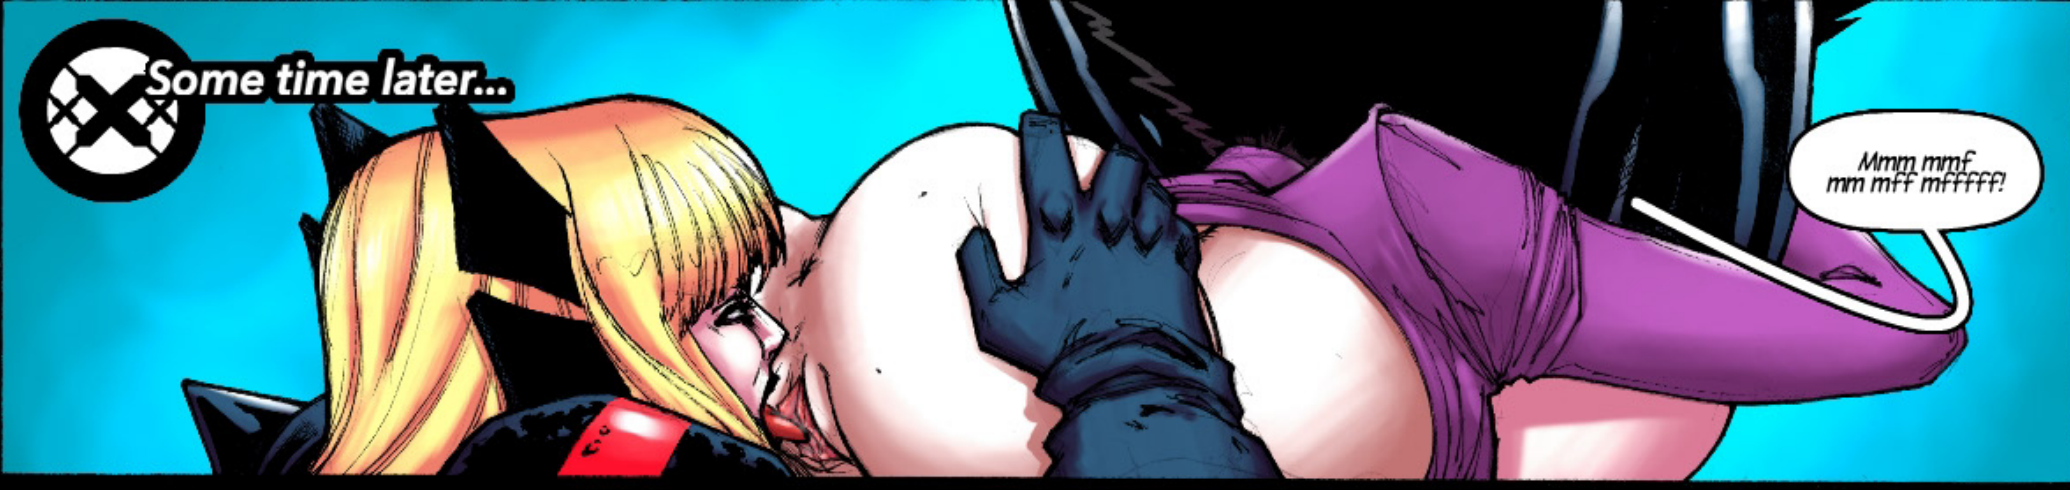

I just wanted to see the ass-whore that you are *fucked* by your own blade.

Ohhh fuck--
YOU FUCKING BITCH!

Mmmm...

Some time later...

Mmm mmf
mm mff mfffff!

Sllrpp??

AHHHH!!

I said, this is not working!
We're too evenly matched to declare a victor!

What would you suggest then, *trial by combat*?

Perhaps later, right now we just need... *something!*

Anything!
Some sort of *battle dummy* to target our assaults against!

Well, we could use the boys.

Uhm... Bobby?

Shut up man, I'm so close!

Quase gozando!

Bobby. I-- I think they see us.

Gahh!?!
Fucking demonic teleporter!!

Hmph. Are you sure we won't just end up killing them?

Eh. It's a big team, I'm sure we can find replacements.

Oh hell, yeah!
I volunteer as tribute!!!

I get dibs on the less annoying one.

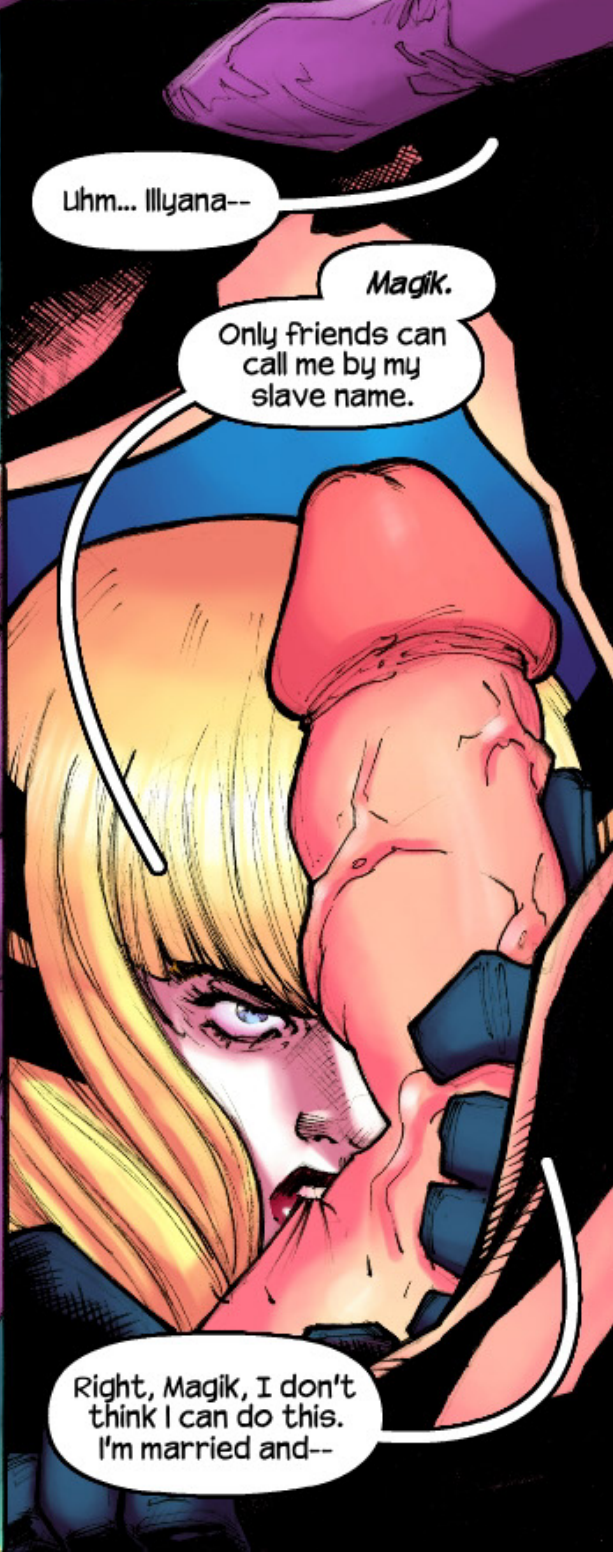

Then I choose the handsome one.
Well? Come on, then. Why don't you show me what you can really do?

"Nossa Senhora!"

Brace for impact!!

Ohhhh, yes! Fuck me!
Use me as your cocksleeve, mutant!

Uhm... llyana--

Magik.
Only friends can call me by my slave name.

Right, Magik, I don't think I can do this. I'm married and--

That didn't seem to matter much at all while you were peeping, did it?

I mean, watching is one thing but...

And war is another.
This is *us versus them*, Samuel, and if we lose... *I will kill you.*
It's fuck or die. Which do you choose?

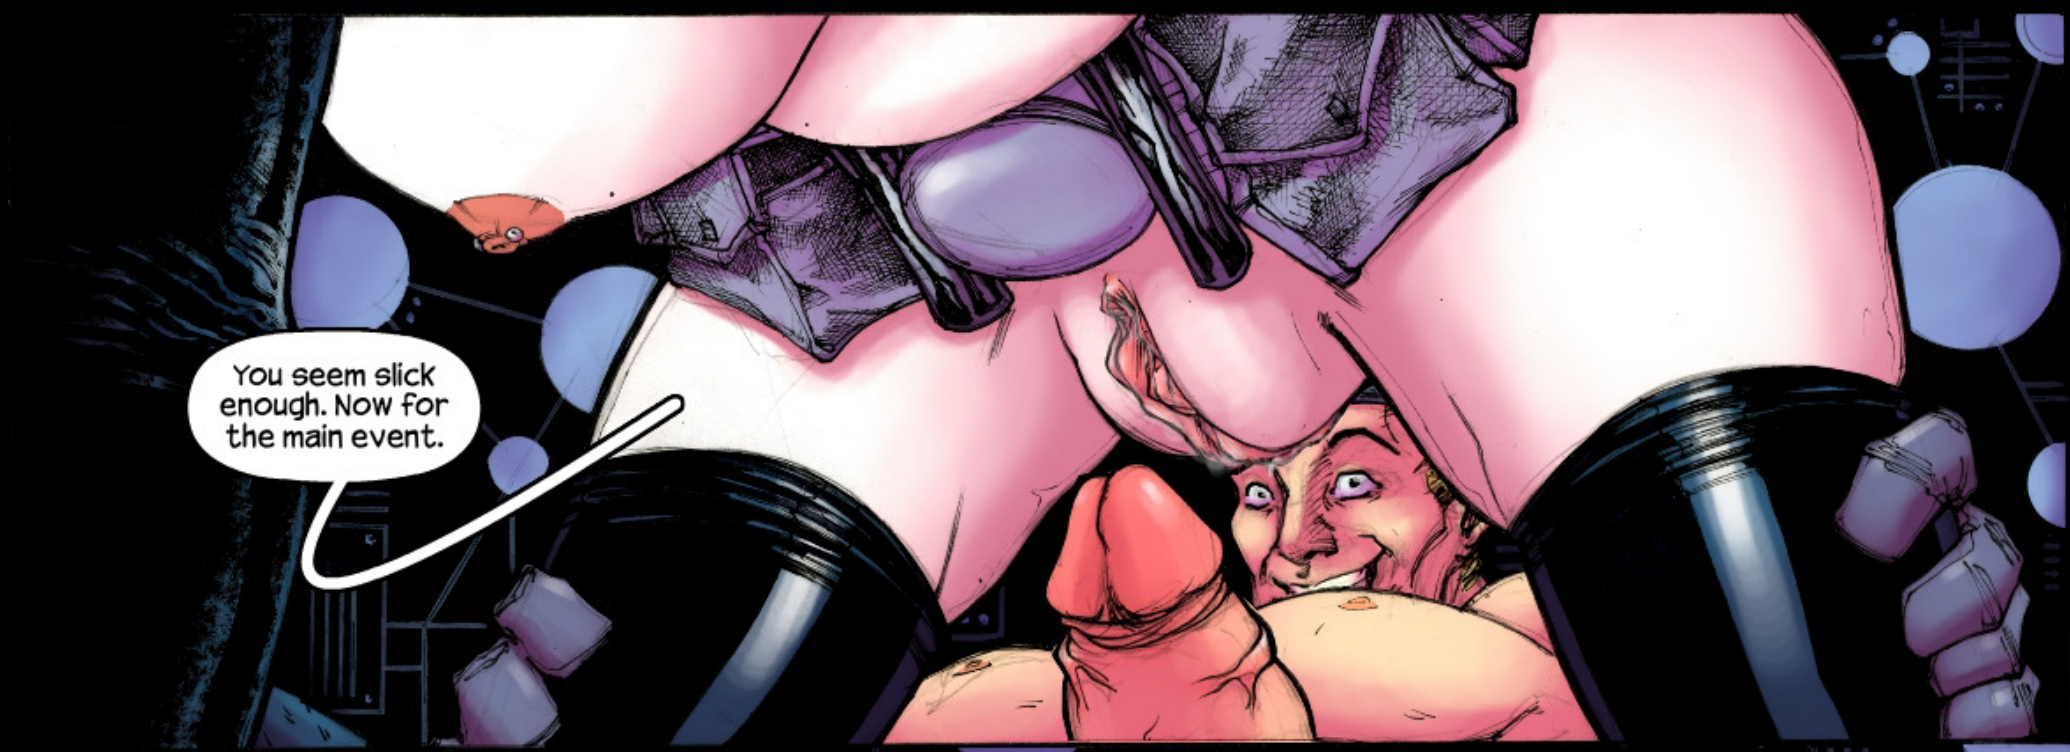

...fuck.

Good boy.
Now shut up and enjoy
the feel of my throat
around your cock.

It's a sensation
few men live to
remember.

Yes, ma'am.

You seem slick
enough. Now for
the main event.

Yes, yes!!
Fuck me harder with
your *thick, lower-
species cock*, you
*pathetic worthless
earthling!!*

Oh man... was hoping
to save my free pass
for if I ran into Jean
Grey, but--

FUCK-- this
pussy's so
fucking worth it!

I won't stand losing to that harlot! *Servant!*

Yes, my beautiful bird?

Isn't there anything that'd make you finish sooner?

Hm... do you know what a "spread eagle" is?

And then just hold your legs and--

PERFEITO!

Well then hurry up and *fuck me* already!

Giving in to Roberto's stupid fetishes?

Well, *two* can play at that game.

I... don't really have any fetishes.

Sam, you're a red-blooded man, there's gotta be *something* that gets you going.

Well... there's one thing...

...this is demeaning.

Hell no, *this is totally hot!* Love it when Izzy poses for me like this.

I swear, if we don't win, I am going to drag you to limbo and--

MMMMFFFFF!!!

OH GOD, FUCK!

Sorry Ilyana, couldn't resist with that slutty look on your face.
